EDUCATION

DIT University   **Dehradun, Uttrakhand**
Bachelor of Technology and CSE (7.9 GPA)   *2019 - 2023*

TECHNICAL SKILLS

Programming Languages: Java, Javascript, Html, CSS, Sql
Frameworks and Tools: React Native, React js, Redux-Saga, Git
Concepts: OOPS, DBMS, DSA

WORK EXPERIENCE

Graduate Engineering Intern
Nineleaps - Bengaluru, Karnataka   *Feb 2023- Oct 2023*

- Developed and implemented a highly responsive user interface for a React-Native mobile application using **React Native**, **REDUX-SAGA**, **typescript** and **CSS**; enhanced user experience resulting in a 40% in user engagement.
- Adhered to well-established coding style guides like **TSLint** and **Prettier**, using meaningful variable and function names to maintain code consistency and readability, achieving 100% compliance with style guidelines.
- Conducted rigorous unit testing with **Jest** for bug identification and resolution, ensuring the app's reliability and stability with a 95% bug resolution rate. Executed **SonarQube** testing to uphold code quality standards with a 90% code quality score.
- Employed Git for change tracking and effective team collaboration, contributing to a 30% improvement in development efficiency. Collaborated closely with the team on the development of an expense management application.
- Maintained comprehensive project documentation through Trello board, leading to a 25% increase in project transparency and tracking. Implemented Agile methodologies throughout the project development process, resulting in a 20% reduction in development time.

PROJECTS

Expense Management App | *React Native, typescript, Redux-Saga, CSS*

- Created an android application using React Native, typescript and CSS for efficient expense management, ensuring an intuitive and user-friendly design. Seamlessly integrated data from backend services and databases using REDUX-SAGA, ensuring smooth data flow throughout the application.

Portfolio | *React JS, CSS,Git*

- Created responsive porfolio website using ReactJs and CSS. And it is compatible with all devices and with a beautiful and pleasant user interface

To-Do List Application | *React JS, HTML5, CSS*

- Build a simple To-Do List application to demonstrate your skills in React JS, HTML5, CSS. The application will allow users to add, delete, and mark tasks as completed.

PhotoGallery Search site | *HTML, CSS, Javascript*

- Retro Gallery is a photo search app that allows users to browse and search for images in a gallery format. Compatible with all mobile devices and with a beautiful and pleasant user interface

CERTIFICATION

- Front End Web Development Ultimate Guide, UDEMY
- SQL Certification Course: Basic to Advance – Geekster
